

Mobile Connectivity

SMART | AMIIX[®] II

AM360 provides contractors with 360 degrees of property visibility and life-cycle automation, anywhere in the world, through an integrated open-architecture web and mobile platform easily connected to ERP and other systems.

SMART | AMIIX II empowers users to execute any asset transaction, inquiry or report anywhere, on any device (PC, tablet, smartphone) in real-time. Users can work “disconnected” from a network with the latest data locally and when a connection is re-established - all changes are reflected via a bi-directional record sync process.
